

GRANTA
MATERIAL INTELLIGENCE

GRANTA IS GROWING

JOIN US AND MAKE A MATERIAL DIFFERENCE

At Granta Design, we're looking for talented people from a variety of backgrounds to join our company as we build on success. Are you a software engineer looking to create applications with real impact? A scientist or engineer interested in working with the world's top manufacturing companies? A business development professional seeking an exciting new challenge? We want to hear from you!

Based in Cambridge, we're people with a passion for materials, a love of engineering, and a talent for software. We enable smart decisions on the use of materials in product development and we support university educators in teaching materials.

JOIN Granta Design

Visit our website to find out about our company, its values, and how we work with organizations like Airbus, Boeing, GE, General Motors, Jaguar Land Rover, NASA, Philips, and Rolls-Royce.

REACH your career goals

As part of our commitment to help you succeed, we provide a tailored induction plan, regular reviews, and excellent opportunities for training, development, and progression.

THRIVE every day

We work hard to provide an engaging and supportive environment, offering a wide variety of financial, well-being, and family-friendly benefits.

Some current job opportunities:

- **Software Engineers**—all levels, from graduate to guru, with C#, C++, JavaScript, and more.
- **Application Engineers**—help our customers diagnose and solve materials data problems.
- **Product Managers**—make sure we develop great products and market them effectively.
- **Account Managers**—help us grow Granta's business and serve our customers.
- **Solution Architect**—design and implement enterprise systems for materials data.

Being an Application Engineer at Granta Design is a great opportunity to discover innovative projects in a large variety of industry sectors and help the companies to successfully deliver these. It is a thrilling job at the centre of customer needs and product development."

*Remi, Application Engineer
Joined Granta in October 2014*
