

How To Install

If you have installed a previous or evaluation version of CES Selector, we recommend that you uninstall it before continuing. To uninstall any version of CES Selector, use Programs and Features in the Windows Control Panel.

System Requirements

To install CES Selector 2017 on your PC, you will need:

- A compatible Microsoft® Windows® operating system:
 - Windows 7 32-bit or 64-bit,
 - Windows 8 or Windows 8.1 32-bit or 64-bit,
 - Windows 10 32-bit or 64-bit.
- 2 GB of RAM (more is recommended for using large databases).
- 4 GB of available hard disk space.
- Microsoft .NET Framework version 4.5.1, ReportViewer 2010 SP1, and VC 120 redistributable; if these are not already installed on your PC, they will be installed during the CES Selector installation process.
- Administrator rights.
- My Granta account log in information.
- Internet access.

Licensing

CES Selector is licensed per user. Unless otherwise stated on your license agreement, it is not a floating or concurrent license, and can only be used by the number of people specified therein.

For each user, the software can be installed on multiple machines – a work and a home computer, for example. However, the software should not be installed on a machine that provides access to users not covered by the license agreement.

Configuration

CES Selector needs to be installed on individual PCs.

All of the databases supplied as standard are installed using the procedure below. Additional CES Selector databases can be purchased, and are installed in the same way.

Installation

To install CES Selector 2017, download and run the CES Selector 2017 installer using your My Granta account:

1. Sign in to your My Granta account to access the [Download Software](#) page.
2. Expand the table to view CES Selector 2017, and click the download link.
3. Save the installer (*ces_setup.XXX.exe*).
4. Open the folder where the installer has been downloaded, and double-click to run it.
5. Enter your My Granta account information into the installer dialog.
6. Click **Install**.

Help and Support

Software Help

CES Selector comes with in-software help. This can be accessed through the Help menu or by using the F1 key. The software help topics include:

- Core functionality and tools.
- Tutorials, and Case Studies with project files.
- Calculations used by the software, for your reference.

Additional help and documentation, including information on what's new in this release, the *User Manual and Getting Started Guide*, and the Model Writer's Guide for the Synthesizer tool, is available online from the [CES Selector Documentation page](#). Sign in using your My Granta account username and password.

Support

If you are experiencing difficulties with the installation or use of this software, please first check the FAQs at grantadesign.com/support/cesresources/faq/
