# 1 CES Selector Installation Guidelines

## 1.1 Prerequisites

The installation of CES Selector has the following prerequisites:

- .Net Framework Version 4.5.1
- Microsoft Report Viewer 2010 SP1
- VC 120 redistributable

Any missing packages will be automatically installed when you run **ces\_setup.20xx.exe**. This can take some time and may require you to restart your machine.

During an [online installation](#), the prerequisites will be downloaded from the Internet and installed. For an [offline installation](#), the prerequisites are present in the **redist** folder and will be installed as part of the installation.

## 1.2 Online installation

This is the standard installation methods, and requires internet access:

1. Sign in to your My Granta account, and download the installer **ces\_setup.20xx.exe** from the [Download Software](http://www.grantadesign.com/support/downloads/) page: <http://www.grantadesign.com/support/downloads/>
2. Run **ces\_setup.20xx.exe**, and sign in with your My Granta account information. You will see a list of your licensed packages.
3. Change the installation folder if necessary.
4. Click **Install** to start the installation process. This will download the software and prerequisites from the Internet, and install them in your selected folder.

## 1.3 Offline installation

To create a self-contained CES Selector distribution that does not require internet access to install it:

1. Sign in to your My Granta account, and download the installer **ces\_setup.20xx.exe** from the [Download Software](http://www.grantadesign.com/support/downloads/) page: <http://www.grantadesign.com/support/downloads/>
2. Browse to the file in the Windows Command Prompt and type:  
`ces_setup.20xx.exe -layout LayoutFolder`  
replacing **20xx** with the software version, and **LayoutFolder** with the distribution folder name.
3. Sign in with your My Granta account information. This will download the prerequisites and the software package, and save them in the subfolder **LayoutFolder** (or the folder name specified in step 2). This is the folder required for redistribution.
4. To install, open **LayoutFolder** and double-click **ces\_setup.20xx.exe**.

## 1.4 Support

If you require assistance, contact Granta Technical Support: [support@grantadesign.com](mailto:support@grantadesign.com)
